

A man wearing a hat and sunglasses is fly fishing in a river. The background shows a forest of tall trees and a blue sky with white clouds. Three teal text boxes are overlaid on the right side of the image.

I did it because

there are more fish

for me to meet.

Prevention is the best strategy when it comes to fighting the flu and colon cancer. Everyone six months and older should get a flu shot, and those 50 to 75 years of age should get screened for colon cancer.

Why? The flu is preventable, and so is colon cancer. You can protect yourself by taking the time to get screened and get immunized this year.
